## About Us

At Rento, we believe great bathrooms begin with great design. We create bath fittings that combine architectural elegance, flawless engineering, and long-lasting performance.

From the smooth turn of a tap to the gentle flow of water, we focus on the small details that make life easier. We choose materials that last, finishes that stay beautiful, and designs that blend effortlessly into the way you live.

# Bath Fittings For Every Space

**Residential | Commercial | Hospitality | Institutional Projects**

Rento caters to diverse needs from luxury homes to large-scale developments. Our fittings are designed to perform beautifully and last effortlessly in any environment.

# Our Manufacturing Excellence

Every Rento product begins in our advanced manufacturing facility, where quality meets innovation.

## ■ 1. Precision Casting & Machining

We use gravity die casting and CNC machining to ensure every faucet body and component is perfectly shaped, strong, and consistent.

## ■ 2. Triple-Layer Electroplating

To guarantee a long-lasting shine, our fittings undergo triple layer plating, offering superior corrosion resistance and mirror-like finish.

## ■ 3. Leak-Proof Testing

Each unit is pressure-tested at multiple stages to ensure zero leakage and durable water flow performance.

## ■ 4. Surface Finishing & Polishing

Each unit is pressure-tested at multiple stages to ensure zero leakage and durable water flow performance.

## ■ 5. Quality Control at Every Step

From raw material testing to final packing, we follow strict ISO-grade quality standards.

# Technical Strength You can Trust

Premium Brass Grade Material

Advanced Flow Technology

High pressure  
Compatibility

Ceramic Disc Cartridge

Anti-scale &  
Anti-rust Features
